The transcription on p. 26 is not of PY 1214, but of Py Wal248
The reading of 1255, even its classification, is dubious.

Among the Haghia Triada tablets (Linear A) two new joins have
been made: HT 30+77, barely adding new material to the text; and:
HT 95+149 (=113 bis). Of this the new text of the obverse begins (i
the L transcription):

30-93-95-74 . 42 (HT figs. 28 and 149)

30-84 10 76-25-92 10

and the reverse begins:

52-93 . 31-55 10 (HT figs. 29 and 334)
