SUMMER COMMUNICATIONS

Calls for Papers

On 19 August 2022 proposals for sessions and workshops (1000 words maximum plus references) are due for the **50th Annual Conference of Computer Applications and Quantitative Methods in Archaeology (CAA 2023): 50 years of synergy**, to be held on 3-6 April 2023 in Amsterdam, the Netherlands. From 12 September to 17 October 2022 proposals for papers and posters will be open. Further information is available at <https://2023.caaconference.org/>.

On 28 August 2022 abstracts (1200 words maximum including main body, figure captions, and references) are due for the **15th International Conference on Archaeological Propection (ICAP2023)**, to be held on 28 March – 1 April 2023 in Kiel, Germany. Further information is available at <https://www.icap2023.uni-kiel.de/en>.

On 15 September 2022 offers of papers are due for an international workshop on **Relations between the Indus and the Aegean in the Bronze Age**, to be held on 3-4 December 2022 at Green Templeton College, University of Oxford. Offers of papers should be sent to Prof. Robert Arnott at robert.arnott@gtc.ox.ac.uk.

Future Lectures and Conferences

On 25-29 August 2022 the **23rd European Meeting of Paleopathology Association** will be held in Vilnius, Lithuania. Further information is available at <https://www.ppa2022.mf.vu.lt/>. Papers of interest to *Nestor* readers will include:

- A. Papanthasiou, "Reviewing and associating stable isotope analyses, contextual cultural data, animal protein consumption and the most prevalent pathological conditions of prehistoric and historic Greece."
- D. Michael, L. Fibiger, and B. Molloy, "Identifying geographical and temporal differentiations in Late Bronze Age/Early Iron Age Greece: A comparative bioarchaeological approach"

On 31 August – 3 September 2022 the **28th Annual Meeting of the European Association of Archaeologists (EAA AM 2022)** will be held in Budapest, Hungary. Further

information is available at <https://www.e-a-a.org/ea2022>. Papers and posters of interest to *Nestor* readers will include:

- A. Hadji, "The Eye of the Beholder: Art Appraisal as an Obstacle to Archaeological Context, the Case of Early Cycladic Anthropomorphic Sculpture"
- A. Berio, "The Orientation of Minoan Palaces and Peak Sanctuaries toward Navigational Stars"
